

# Mitchell High School

A completely new campus for this city school involved design of a new facility, gymnasium and 800-seat auditorium with stage, fly loft and dressing rooms. Architecture reinforced the theme of learning and excellence. Construction of the new school also has motivated development of adjacent land.

## PROJECT DETAILS

Major Renovation

Completed: 2000  
Cost: \$11,000,000

Auditorium

Completed: 2004  
Cost: \$3,000,000
