

CLARK/DIXON ARCHITECTS

Stephanie O. Wilbanks, LEED AP, Associate AIA

Summary Architectural Intern at Clark/Dixon Architects, Graduate of Mississippi State University's School of Architecture
Currently working toward licenser through NCARB Internship Development Program and experience with Clark/Dixon. LEED AP with specialization in Building Construction and Design accreditation within the Green Building Certification Institute (GBCI).

Experience Team member on LEED Platinum project CMAA FBO Terminal Building and team member on LEED Gold project CMAA Aircraft Hanger Building. *March 2011 - March 2012*

As an architectural intern for Allen and Hoshall, Mrs. Wilbanks began her architectural experience with providing efficient rendering techniques for the firm, collaborative design through drafting programs, and also gained knowledge of green building principles and the LEED Green Building Rating System while working on the Chattanooga Terminal and Hanger. *March 2011 – March 2012*

Mrs. Wilbanks represented Clark Dixon Architects as an Intern Architect while working with PARSONS Program Management Consultants in relation with the Memphis – Shelby County Airport Authority. There she helped with CADD record drawings pertaining to the new Airport Parking Garage and Car Rental Facility. *June 2012 – February 2013*

Presently, Mrs. Wilbanks is working within CDA as an Intern Architect. She has management capabilities and is able to provide LEED knowledge and principles. She also brings design concepts and unique rendering capabilities to the firm, among helping with other various tasks. *February 2012 - present*
